Madhubani, Bihar, India

Education

SRM Institute of Science and Technology, Chennai, Tamil Nadu Aug 2024 – May 2028
Bachelor of Technology in Computer Science **CGPA: 7.9**

Technical Skills

Languages: HTML, CSS, JavaScript, C++, Python, Java
Frameworks & Technologies: Node.js, Django, Flask, Spring Boot, REST APIs, Linux, Jenkins
Databases & Tools: MySQL, Git, GitHub, Postman, VS Code, Eclipse

Experience

Bluestock Fintech Nov 2025 – Jan 2026
Software Development Engineer Intern (Remote)

- Developed financial analytics dashboards enabling real-time tracking of **50+ stocks** and portfolio metrics.
- Designed and integrated secure **REST APIs** using **Django and Flask**, reducing response latency by **30%**.
- Implemented CI/CD pipelines using **GitHub and Jenkins**, improving deployment reliability.

Accenture Aug 2025
Software Engineering Virtual Intern

- Developed backend feature modules using **Python and Java** aligned with business requirements.
- Applied **Agile/Scrum** practices and used GitHub for version control and integration testing.

Projects

Smart City Issue Reporting System
HTML, CSS, JavaScript, Node.js, MySQL, Postman
GitHub Repository

- Developed a full-stack web application allowing citizens to report urban issues such as road damage and water leakage.
- Built RESTful APIs using **Node.js and MySQL** for issue submission, tracking, and admin resolution workflows.
- Implemented role-based access control and tested APIs using **Postman**.

Weather Forecaster Application

Python
GitHub Repository

- Developed a Python-based weather forecasting application that fetches real-time weather data using public APIs.
- Implemented data parsing and error handling to display temperature, humidity, and weather conditions accurately.

Certifications

- Accenture Software Engineering Job Simulation — 2025
- Cisco Networking Academy – Python Essentials 1 — 2025
- Oracle AI Foundation Associate — 2025
